

Special Features

- These thermowells are fabricated from pipe with a welded end cap
- These thermowells are installed directly into the process with the help of threaded process connection
- Ideal for use in longer length tank & vessels where bar stock is a limitation

Applications

- HVAC Industries
- Utilities
- Chemical plants
- Pharmaceutical
- Engineering plants
- On shore
- Off shore & other similar process industries

Thermowell Drawings

S - Straight

A - Finished Head Size

B - Instrument Connection

C - Process Connection

F - Major Diameter (As per Pipe Schedule)

D - Bore Diameter (As per Pipe Schedule)

E - Tip Thickness

U - Insertion Length

H - Extension Length
